Here's an exciting opportunity to share your knowledge and expertise with our regional Chamber members. BRCC is seeking proposals for seminars on topics related to business development. Your organization has been selected, not just because of your chamber membership but because of your wealth of business management knowledge. The BRCC has been providing media seminars to chamber members and non members in the **Machias Savings Bank Community Room** on Wilson Street in Brewer for the last 2 years. The attendance for each seminar is usually 75 people. The event is free and is marketed through the BRCC Newsletter, e-mails and through social network channels.

If you or someone in your organization is qualified to present a seminar on one of the topics listed or on another you design, we encourage you to submit a proposal and select the month you prefer.

You may submit proposals for as many seminars as you are qualified to present. Once a proposal is received, it will be referred to the Chamber Staff for consideration. If the proposal is approved, you will be contacted to finalize a date for the presentation. Please call Kate or Shelley at 947-0307 with any questions.
